Directions to the Dairy Forage Research Center Conservation Club

58046 US-12, North Freedom, WI 53951 | 43.35221187587783, -89.75737431601823

Drive north on Hwy 12, north of Sauk City for about 10 miles. The turnoff for the DFRC farm is across from the turn for County Road C. If you pass the Bluffview CITGO gas station on your left and the Museum of Badger on your right, you've gone too far. Follow the frontage road up through the gate to the DFRC farm.
